

Statement of Purpose

- The Creator designed the human body to function in perfect balance and harmony.
- Every man and woman must take responsibility to obtain knowledge to maintain health and wellness, balance and harmony in the body and mind.
- There are no cures, only the potential to restore balance according to the Creator's perfect plan.
- Health and wellness may be achieved by researching and seeking knowledge from many sources, as to how the human body functions, and by understanding this process, and diligently applying wellness principles, the body may achieve a state of balance and harmony.
