*Attention: This website is part of the Range Guide Network. The testimonials presented are under the terms of service and use for the Range Guide Network, are private, secret and strictly confidential, and for Users and Members only that agree with the Range Guide Network terms of service and use. For the protection of all concerned, those wishing to see the private testimonials regarding BIONAID™ must agree to the Agreement and all terms of service and use of the Range Guide Network or leave this webpage immediately. If you continue to read further, you are agreeing with the aforementioned Agreement and terms, and are welcomed here - thanks for visiting! We want to make absolutely sure that our products are not misunderstood or erroneously mislabeled as drugs because of what someone says or writes, and we want to make absolutely sure that we do not promote them as such. Their results in assisting the body's immune system with what is mistakenly referred to as "disease" is purely coincidental and we do not authorize any claims that our products prevent, cure, treat, mitigate, diagnose "disease". If you find that in using our products that you experience little or no adverse effects from infectious viruses or microbes, it is purely and exclusively coincidental and we do not authorize any claims that our products are responsible for these effects. We are convinced that the nutrition in our products allows the body to heal itself as it becomes naturally immune through the use of our supplements. See competent health care providers for your medical needs.*

NOTE! By law, we are required to inform you of the following: The testimonials here are anecdotal and are not scientific evidence of safety and efficacy. Results with the use of our product varies from person to person, depending on many variables, and no one should expect the same results. Our product is a dietary supplement and intended exclusively for oral consumption. We do not suggest any other uses of the product other than oral consumption, and testimonies that go beyond that were the choices of the members and not our recommendations, and you are encouraged to use the products exclusively for dietary purposes and not consider the uses by Members beyond that for your use of the product. We have been asked by people if they can use it topically, and have told them that in the 90's, when ingredients in this product were sold across the counter it was used internally and externally with no adverse effects (only positive effects), but since legislation was passed regarding dietary supplements we may only promote the use of oral consumption of our product.

In years of testing the ingredients in our products we have seen amazing results. Our test subjects felt compelled to share a small sampling of their experiences with you. Bion has been significantly improved and is now called BIONAID™ TRIOXYSILVER™ PROFESSIONAL (AgH2O3).

The government of Ghana has declared BIONAID™ as the #1 health supplement. After preliminary field testing, they have preauthorized certification for BIONAID™ in Ghana for distribution. Upon there request, we have donated, with the assistance of Phoenix Voyage, more

BIONAID™ to be sent to all the hospitals in Ghana as a final formality for the release of the certification. You may see the request from the government of Ghana by clicking [here](#).

**RENOWNED AUTHOR SHARES ANOTHER STORY ABOUT PAIN**

I write to tell how things are going since I started Bionaid. As you know, I have had great pain throughout the body the last year.

I went to the doctor in March 2008, but he claimed that there was nothing wrong. He took blood tests and x-rays.

Since I work at a nursing home for elderly people, I could 'Stix" my urine to investigate whether something was wrong, and quite correctly. . . it was positive 4 + in both leukocytes, nitrite, protein and erythrocyte (blood). This means in practice that I had strong inflammation throughout the body. When I showed it to the nurse who comes here, she could not understand that I could manage to go on the job at all because I must have incredible pain. (This high inflammation should have been found in a blood sample, so either the doctor cannot read results in blood tests, or he is maybe not a doctor at all, even though he works at a medical centre.)

Yes, I did have strong pains, but when the doctor said that there was nothing wrong, you can of course not stay ill. So no one knew that I took 2 panodil Zap + 2 Ipren+ 2 voltar. So 6 painkillers 4 times daily (24 pills each. day) in order to cope with living with pain, and even than I had such pain that I from time to time had to sit down.

That was when I finally got in touch with you and ordered Bionaid. I was so desperate of pain, so I started to take 1 table spoon 3 times daily.

After 2 days, I found myself "forgetting" to take pain pills with my morning coffee. Normally, I had such pain in the morning that I barely managed to get down the stairs from 1st floor.

I sat perfectly still in a chair and watched "Go 'Morgen Danmark" on TV2 and began to feel into the body after the pain. They were gone. . . . I had actually not pain any more. . . . I took no painkillers that day and did not have to take ever since.

After 2 weeks I tested my urine again and it appears that the inflammation is going down. I do not know what it is that makes Bionaid remove the pain completely, while the cause slowly decreases. Although inflammation is going down, it's still so much that I normally should have had great pain.

But for me, it's important that I get better and no longer has pain.

But inflammation is in any case on the way down. Last I tested the urine Leu. & Nit was 2 + and protein were normal. I still have some blood in the urine, but I give it some more time, than we will see. . .

### **DAUGHTER UNAFFECTED BY "FLU" EPIDEMIC AT SCHOOL**

The Bionaid has kept my daughter flu free during a major outbreak at school. This is absolutely AWESOME!! Thanks,  
Sally Reed / Wisconsin

### **90 YEAR-OLD MOTHER HAS NO MORE PAIN - BRIGHTER OUTLOOK**

Hi Elder,

My mom is on her second bottle of Bionaid. She takes 1 tsp each day, but did take 1 tsp 2x/daily for a while. She is 90 years old. She was having troubles with her bladder and was experiencing pain. Each day I'd ask mom how "things" were and she'd tell me how badly it hurt and how it really messed up her day and her energy and made it difficult for her to get around. She didn't feel like doing anything. The doctors ignored her problem when she spoke with them about it.

About a week ago, I called her (I call her several times a day and chat, as she has been widowed since 2001 and she lives about 150 miles from me and her home is at our family farm - 2 miles away from the highway or neighbors and she doesn't drive.) -- I asked her about her pain as I usually do and she said it didn't bother her that day (that was last Tuesday, June 30th). I was excited and thought that was pretty neat. > The next evening when I spoke with her again, I asked her about her problem - again her answer was "it hasn't bothered me." I said, "Wow mom! That's great two days in a row - that hasn't happened since the problem began the week of Easter." I said, "Do you think it's the Bionaid?" She replied, "It's the only thing I've added to my diet."

I was so happy for her. Elder, it's been 6 days now and she still says, "It is like I never had the problem." I am so thankful for Bionaid. My mother means the world to me and to know she is in pain-free makes me ecstatic! My mother continues with Bionaid. Upon our most recent visit to my mother's, my husband and I noticed that my mother's complexion has gone from that "elderly white" to nice color in her cheeks; her eyes have become large and they sparkle! (Unlike the eyes of most people that look tired and faraway, dull and small.)

I want to thank you. Your product has help those I love and care for. My husband and I use Bionaid every day and love the results. I will share the results in another email some time.

May God bless you always! Elder - live long and prosper!

Sincerely,  
Mary (Kay) Ferguson  
Woodbury, MN

### **FATHER RELIEVED OF "MRSA" AND DAUGHTER RELIEVED OF "ASTHMA"**

Hi,

I called you a few months ago. You were kind enough to help me with my father. He had his toe nails removed and MRSA developed in his feet. We got the Bionaid and soaked his feet in it as well as having dad take it orally. His feet are healthy again. Dad is a diabetic which made the MRSA infection even riskier.

I have been taking the Bionaid orally and can finally say I feel great. I forgot how good it feels to breath normally. I have had asthma for about 15 years. Along with the bionaid I have increased my water intake to half of my weight in ounces daily. Most of us do not drink enough and are dehydrated. Thanks so much for a great product.

I believe I shared in my phone call with you about my mom and her passing last year from staph infection. My best friend has been battling staph since January. First, on her spine, then in her bloodstream and now back on her spine. All the antibiotics have not helped. She had been hospitalized for over 4 months. She has finally agreed to take the Bionaid. I feel as if I am getting a do-over with my mom..... Thanks again!!

Blessings, Linda Breen

### **NURSE RELIEVED OF "VIRAL INFLUENZA"**

My throat had felt scruffy on and off that day and so I did my usual extra vitamin C and peppermint oil, treatments that for me always work...but not this time, eleven o'clock at night and I was slammed with bronchitis, body aches and fever. I could not believe how sick I was...I went to my doctor and she said "viral influenza" and had nothing to give me.

My lung capacity was decreased 25% and my normal oxygen saturation of 98% was down to 90%. Once again I cannot tell you how unbelievably bad I felt. I was doing seaweed baths, baking soda baths, mustard baths 2-3 per day with no seeming improvement. I had to call in sick at work and cancel all my scheduled appointments. I felt like this was going to last an unbearably long time.

One of the appointments that I canceled was with Lori. When I told her what was going on, she told me about Bionaid and asked me if I'd like to try some...I took a teaspoon at noon and

another teaspoon at 9 PM ...my breathing that day was labored, my lungs felt full of moisture that no amount of coughing cleared. Being sensitive, I could feel a change happening in my system...the next morning when I awoke my lungs were completely clear and I felt like I just had a common cold. My appetite was back and I wanted to clean my house that for the last 3 days had gotten pretty messy for lack of energy to do anything.

I am taking it easy today but at the same time I feel like dancing...being a nurse I know how long viral bronchitis/ pneumonia can last! I could hardly believe I felt so devastatingly bad for 3 days and now felt so much better with the hope and expectation of a speedy recovery!!! Thank-you Lori and John....I'm sure you have saved me from a long and ??? illness.

Kathy

### **ELDERLY MOTHER AND HER SON IMPROVE**

Greetings Elder

It's Pierre from New York. I recently put my mom on bionaid and zeoheal as of last week and she instantly noticed that the inflammation in her feet has been reduced. She reports feeling better as well. I have experienced faster healing from sports activity and increased energy I wanted to thank you for referring me to buy the d-ribose product she will be using that as well. I have been so impressed by your product I ordered a case of each this morning. I plan to have my older sister using it as well. I must stay stocked up. I still never received any word from the coop. I will be sharing my experience with your product with some high conscience people I communicate with online.

Thank you again comrade for such a wonderful product at a fair price, and may you continue to be blessed by the Creator.

P.S. I look forward to the movie you are working on and can't wait to receive my order in the mail

### **PHOENIX VOYAGE-GHANA HEALTH OUTREACH REPORT**

Dear Sir,

On behalf of all beneficiaries of Bionaid Product donated by Burk-Elder: Hale, Third. We say thank you and asking God Almighty Blessing in your entire life. Not forgetting staff of Bionaid and Phoenix Voyage International world-wide may God grant you prosperity filled with wisdom.

We wish to furnish your outfit with some verified testimonies received verbally, on phone, and in writing during medical outreach project in selected communities and social groups in Ghana.

### **ECZEMA RELIEVED**

I am a student of Cape Coast University - Ghana., suffered chronic eczema that took me to numerous skin clinics nationwide, spending money just to be relieved. Feel shy because of

eczema effects on my entire face. I came home one weekend and my friend Mr. Raphael Hoke Mitchel gave me 10 spoons of Bionaid to apply on my entire face after bath 2x daily. After 5 days of applying Bionaid on my face all eczema is gone.

by: Sylevestor Sedeka (Cape Coast University)

#### MALARIA RELIEVED

Ruddy (country director for Phoenix Voyage International-Ghana) is a true friend to me. I have been suffering from severe malaria for a week. I tried all malaria medications that rendered me with side effects. I hardly have apitite for food. Upon a bottle of Bionaid donation to me and my family of which i followed dosage instruction. I am relieved of malaria and i can eat 24/7.I am very healthy than ever. It is increadible how my family regard Bionaid as our NO.1 food supplement every morning.

by: Mr. Rahpael Hoke Mitchel (Kpong.Ghana. Phone:00233247691940

#### FEMALE GENITAL MUTILATED SYMPTOMS GONE

I was mutilated when i was a kid. That is cruel culture practice in our tribe. It has affected me till date at age 30. I suffered itchy vaginal discharges that is smelly. I visited several gynecologists if they could help but not proved well health-wise. I talked it over with Dr. Terkper and Ruddy during their medical outreach project and they instantly diluted Bionaid with water for me to take and after that they soaked Bionaid in ball of cotton for me to insert into my vagina. Lo and behold after 10 minutes no itches in my vagina. Upon taking Bionaid as directed for 7 days all problem is solved.

by: Jenifar Anatat (Nsawam.Ghana)

#### STUFFY NOSE CLEARED

I had stuffy nose full of mucus. My friends tell me is due to phlem in my body system. I would not like to go see medical doctor because i do not trust them with their western medical manipulation by W.H.O and I.M.F but i trust my traditional herbal native doctor. I did several herbal stuffs just to be free of stuffy nose so that I can breath well through my nose but it was not possible. I thought I might die. My next door neighbor who happened to be P.L.W.A (People Living With Aids) game me a gallon filled with water with Bionaid in my presence and she told me to take 1 glass of diluted Bionaid 3X daily then put 2 drops of same stuff into my nose till I'm okay. Just after 3 days i am free from snuffy nose and now breath through my nose.

by: Andrews (somanya.Ghana)

#### FOOD SUPPLEMENT

I am the owner fo G-Unit Ventures that distribute call credits for my locality. I am workaholic and sleeps late without food. Ruddy interviewed me and told me Bionaid is good for my health duet to the nature of my work. After taking Bionaid for 7 days as directed on the bottle it truly improved my health and I am okay. My pregnant wife has been taking Bionaid as well and most

pregnant issues she suffering from are gone. Thanks for your technology and we need your product in Ghana NOW.

by: Eric (G\_Unit Ventures.Somanya-Ghana)

#### AIDS CLEARED

I was a prostitute, a drug addict and a chain smoker. My health deteriorate on time and one day when I went to Atua Government Hospital i was tested and results was HIV AIDS POZ. I thought that's the end of my life. I was damn living dead feeding on liquor. Ruddy is 3 houses from my residence. He invited me over to his residence and introduced Bionaid to me. He advised me to stop alcohol and consider Bionaid as my life saver. Before I start to take Bionaid I was very pale, bleeds from my nose and private every day when i go to bed?.mouth sores, my IQ level was very bad I thought I was a mad person. I cannot eat well etc.8 days after taking concentrated Bionaid 2 teaspoons a day I am relieved and all symptoms gone. Thanks for the creator God and the inventor of this life saver.

by: Gege Sphere (Akweteman residence.Somanya.Ghana)

## WINTER 2010 UPDATED TESTIMONIALS

#### PAIN RELIEF

Den 31. okt. 2009 00.52 skrev Hanne og John Thrane <Johat@webspeed.dk>:

Hej Claus

Jeg har nu taget Bionaid i 11 dage - startede tirsdag den 20 oktober.

De første 2 flasker er brugt.

Normalt tager jeg smertestillende medicin - én stærk som kun må tages x1 dgl. og supp. med Pinex 2 - 4 gange dgl. - og hvis jeg har rigtig ondt kan jeg godt finde på at tage den stærke morgen og aften, ellers har jeg ikke ro om natten.

På trods af den smertestillende medicin, har jeg i mange år haft svært ved at slappe rigtig af om natten fordi jeg ikke kan finde en ordentlig stilling at sove i, pga. smerter.

Efter at jeg begyndte at tage Bionaid tog jeg kun smertestillende 2 gange i den første uge! Jeg havde ingen smerter og kunne ligge hele natten uden problemer!

Nu er jeg begyndt at prøve og trappe lidt ned, der står på flasken at daglig dosis er 1 - 2 gange dgl. og jeg mener at der står en teskefuld men jeg har brugt 2 hættelede som jeg tror svarer til en spiseskefuld??

Nedtrapningen gør at jeg pludselig vågner som jeg plejer med smerter i kroppen, og jeg har svært ved at gå, - og øv!!! jeg har været nødt til at tage smertestillende medicin 2 gange inden for de sidste 4 dage for at kunne klare at komme på arbejde.

Mit spørgsmål er: kan man overdosere Bionaiden? Det er jo sølv - og jeg tænker på om det kan skade kroppen?

Der står på flasken noget med at blande en ½ flaske med så og så meget vand - hvordan er de danske mål - altså i deciliter?

Jeg skal helt klart ha bestilt en ny portion, og jeg har allerede anbefalet det til en kollega som også har bestilt en portion!

Min lillebror har en frossen skulder og jeg vil prøve at overtale ham og min mor som har rigtig mange smerter på grund af leddegigt, og kronisk tarmbetændelse - her må Bionaiden da være helt selvskevet?

Mange hilsner og god week end  
Hanne Thrane

TRANSLATED:

I have now been drinking Bionaid for 11 days - starting Tuesday, October 20.

The first 2 bottles are used.

Normally I take painkillers - one strong that may be taken only one time a day and supplementing with Pinex 2 to 4 times a day - and if I am in bad pain I sometimes take the strong morning and evening, otherwise I have no rest at night.

In spite of the painkillers I have for many years found it difficult to really relax at night because I can not find a proper position to sleep in, because of pain.

After I began drinking Bionaid I only took painkillers 2 times in the first week! I had no pain and was able to lie all night without any problems!

Now I started trying to step down a little. It says on the bottle that the daily dose is a teaspoon 1 to 2 times, but I have used 2 full lids which I think is equivalent to a tablespoon?(Claus: a lid full = a measuring teaspoon = almost a normal tablespoon)

Stepping down makes me suddenly wake up as usually with pain in the body and I find it hard to walk - and ew! I have had to take painkillers 2 times in the last 4 days to be able to get to work.

Best regards and have a nice week end,  
Hanne Thrane

**URINARY INFECTION AND PAIN REMOVED**

2009/10/23 Kirsten Namskau <namskau@hotmail.com>

Hej Claus

Jeg vil bare fortelle dig at min urinprøve nu er helt ren, efter 1 1/2 år. Der skal også siges at jeg har været og haft kraniosakral massage og så kom han manden som skulde måle jordstråler i huset mitt. Det var ganske interessant, for han kom med et kompass for at finde ud helt nøyaktigt hvor nord og syd var. Da han lagde kompasset på spisebordet i stuen regerede det som det ville havd gjort på nordpolen. Det bare svirret frem og tilbage. Han satte opp en afleder og derefter fungerede kompasset normalt.

Jeg tror ihvertfald at alt tilsammen var med på at hjelpe mig ud af de værste helsemessige problemer og smerter.

Du får si ifra når det nye Bionaid kommer, for så skal jeg bestille det.

Venlig hilsen

Kirsten

TRANSLATED:

I just want to tell you that my urine test is now totally clean after 10 months. (she wrote 1 1/2 year but thats before I started with Bionaid and she is my first customer ever...) It must also be said that I have had craniosacral massage and then came the man who was to measure the earth-rays (?) in my house. It was quite interesting, because he came with a compass to find out exactly where north and south was. When he put the compass on the table in the living room it reacted as it would had done on the North Pole. It just kept buzzing back and forth. He put up a neutralizer and then the compass functioned normally.

I think in any case that all together has helped me out of the worst health problems and pain.

**PSOROSIS, DANDIDA DIE-OFF, NAIL FUNGUS AND THROAT INFECTION UPDATES**  
2009/9/8 jim <james.thompson@b2reality.com>

Hi Claus,

I ordered a case of Bionaid from you some time ago. I wanted to get back in contact to say hi and to describe my experiences to you. As I mentioned before I was interested in Bionaid to treat a severe case of Psorosis that I had as a result of an allergic type reaction to some medication I was given six years ago. I can say the Bionaid has definitely had an impact and over 50% has now cleared! I have been suffering from some very nasty effects of what I suspect is Candida die-off so I have increased my water consumption and appear to over the worst of it.

I have also used Bionaid to treat nail fungal infections and two days of exposure to Bionaid via a soaked band-aid clears it! amazing! My girlfriend had a nasty throat infection and lost her voice, after a day of Bionaid it cleared this has happened several times. Nothing she has tried before has cleared it so quickly.

Kind regards

James.

## UPDATE ON REDUCTION OF LYME DISEASE, SAFE TRAVEL WITHOUT VACCINATION

Den 19. aug. 2009 01.34 skrev Silla Wendicke <sillasabine@gmail.com>:

Kære Claus

Jeg har lige prøvet at ringe til dig og du var der ikke . Jeg har givet din website adresse til en del og mange har kommenteret at de ringer og ikke kan få fat i dig og der heller ikke er telefonsvarer. Jeg tror det ville være godt for dit salg og kunder at du dagligt løbende indtalte telfonbesked om hvornår du kan nåes og lod telefonen forholdsvis hurtigt glide over på svareren når du ikke er der hvor folk skal kunne indtale besked...da det så ellers går i glemmebogen at folk ønsker bionaid , hvis folk ikke får fat i dig ret nemt. Min holistsike tandlæge vil købe i hvert fald.

Jeg har givet nogle af de flasker videre til mine børn som jeg har modtaget. Jeppe fik rigtig hjælp og brug for det. Han skulle til Schweiz for nogle uger siden for at besøge sin lillebror . To dage inden han skulle afsted hævede hans lymfer i lysken og han følte sig lidt sløg og bekymret. Jeg gav ham Bionaid og han gik igang med hver anden time. Han fik det bedre med det samme og i løbet af to dage var hævelserne væk. Han fik en rigtig dejlig ferie hvor han fortsatte med at tage Bionaid dagligt. Da han kom hjem fremkom en lille rød rund ring der i lysken. Han havde 2 uger inden ferien i Schweiz været på en 5 dages kanotur i Sverige med sin lillebror. Jeppe gik til lægen for at spørge hvad det kunne være. De tog blodprøver og et par dage efter fik han at vide at det var Borrelia og fik en speciel penicilinkur oveni bionaiden.Så tak for dig og dit forsøg på at sprede dette produkt.

Min datter barnebarn og mand er 3 uger i Brasilien med daglig bionaid til alle. De har haft en pragtfuld tur uden nogen form for helsemæssige problemer og kommer glade hjem i morgen. Har ikke skullet tænke på vacciner eller andet med den trykthed hos sig.

Ønsker dig godt og finder på flere spredningsmuligheder efterhånden jeg selv får det bedre. ( Jeg har kundaliniproblemer og stress)

Hvordan er det gået med Kernesund?

Silla

TRANSLATED:

Dear Claus

I've given some of the bottles that I have received on to my children. Jeppe got great help and need for it. He was going to Switzerland a few weeks ago to visit his brother. Two days before his departure his lymphs in the groin swell and he felt a little sick and worried. I gave him Bionaid and he started every two hours. He got better right away and within two days the swelling went away. He had a great holiday where he continued to take Bionaid daily. When he came home there was a small red circular ring in the groin. He had 2 weeks before the holidays in Switzerland been on a 5-day canoe trip in Sweden with his younger brother. Jeppe went to the doctor to ask what it could be. They took blood tests and a few days later he was told that it was Lyme disease and had a special antibiotic treatment with the Bionaid. So thanks to you and your attempts to spread this product.

My daughter, granddaughter and husband are 3 weeks in Brazil, with daily Bionaid for all. They have had a wonderful trip without any health problems and come home happy tomorrow. Have not had to think of vaccines or other with this comfort with them.

Silla

**IMMEDIATE RESULTS WITH MYCOPLASMA INFECTION**

Sent: Wednesday, November 19, 2008 2:24 PM

Subject: Re: Your interest in Bionaid

Hello Claus,

Actually I am quite enthusiastic with the Bionaid. I had terrible results for myself before that, I had tried Mild Silver Protein, then another supposedly good brand of silver hydrosol but they were not really efficient. Bionaid brought very sensitive and immediate results for a case of tough/resistant mycoplasma infection ; there was complete cure eventually.

I am anxious to have a trial with the ZEOHEAL in the meantime!

Will let you know...

Regards,

Monique

Validation of research:

*"This retrospective study of silver-based therapeutics briefly reviews their history, and then explores the modern application of charged silver particles, especially as an antiviral agent. The recent outbreak of severe acute respiratory syndrome (SARS) suggests this is timely. Medical literature shows that a variety of viruses have been successfully treated with silverbased drugs. However, 'silver salts' and/or inferior silver preparations lack the bio-availability, active silver content and safety needed to be effective. State-of-the-art, electrolytically produced 'oligodynamic' AgI, however, offers distinct advantages and versatility of use over older and cruder formulations. Possessing much smaller, subnanometer-sized particles, greater electrical potential and lower concentrations, it is more bio-available than other formulations. Efficacy against the SARS-related coronavirus, for example, may be enhanced when nebulized AgI is inhaled. This should achieve swift reduction of viral loads, especially in the early stages. Moreover, there is no known toxicity for Oligodynamic AgI in humans. The only known mechanism of resistance also appears to play no role notwithstanding the mutability of the coronavirus. Therefore no functional barrier to the virotoxic effects of oligodynamic AgI may be expected regardless of the rapidity or variety of mutations."*

See: [Viral Pathogens and Severe Acute Respiratory Syndrome: Oligodynamic AgI for Direct Immune Intervention](#) for a peer-reviewed report on oligodynamic silver hydrosols. BIONAID™ is an oligodynamic silver hydrosol (oligodynamic Ag+ / Uniform Picoscalar Oligodynamic Silver Hydrosol / Trioxysilver) used as a dietary supplement and not as a drug.

*"Creighton has finished its lab test of your product for antibacterial activity. Bion (Ed. Note: an ingredient in Bion Plus Bionaid - Bionaid is more advanced technology) was bactericidal at a dilution of 1/8 for Escherichia coli and Pseudomonas aeruginosa. Bion also killed*

*Staphylococcus aureus during our labs twenty-four hour test. The results are quite outstanding; I would appreciate being kept abreast of your progress as you develop this product." - Dr. Christine Sanders, Ph. D / Creighton University*

*"A total of (100) hundred clients have been chosen, each having two confirmed positive test results. Interview with all clients, studying and re-testing each client's status after 3 months, 6 months, 12 months, 18 months and 24 months. At this time, all the clients who have returned for re-testing are now HIV negative." - Dr. George Carr, M.B.E.*

*"Treatment of Normal PHA Stimulated Peripheral Blood Lymphocytes Infected with HIV \_1 JRCFS Acquired Human Immunodeficiency Syndrome (AIDS) is a disease which targets and depletes the body's T helper cells. It is caused by the Human Immunodeficiency Virus type 1 (HIV \_1). Viral load, as measured in Peripheral Blood Mononuclear Cells (PBMCs) cultures, have been shown to correlate with early disease progression and loss of CD4 cells. Similarly suppression of viral replication by an antiretroviral agent in Vitro is a clear indication that such an agent could be a potential candidate for treatment of HIV 1 infection. On day 4, culture was microscopically observed, Cells all looked healthy. There appeared to be no negative reaction...On day 7, cells were microscopically examined again. Similar observations were made as on day 4" - Dr. Amadou Diagne, PhD. / Supervisor, ACLU Core Virology; Labrodor ; ACLU, AIDS Virology Laboratory*

Medical professionals, and the general public, should be well-informed if they decide to use UPCOSH™ / BIONAID™ for their patients. If you are a medical doctor and would like to participate in the investigative research conducted through this website, contact us for further details at 706-937-7379 begin\_of\_the\_skype\_highlighting 706-937-7379 end\_of\_the\_skype\_highlighting. The speed of recovery from infections depends on the severity of and damage from the infection, and the life-style of the persons using the BIONAID™ immune support dietary supplement. If you are a Medical professional, understand that we only promote the use of BIONAID™ as a dietary supplement to enhance natural immunity without vaccine toxicity, not as a drug. Medical professionals are exclusively responsible for any of their own applications of BIONAID™ beyond the use as a dietary supplement.

*We hope that the reader understands why we must state, for legal reasons, that the research testimony herein was not intended to suggest that BIONAID™ is a treatment for diseases, just share our research results. **The testimony above is provided in compliance with FCC guidelines regarding claims of research.** Certain minerals are noted to be essential for immune support because of their nature, and with oxygen and silver's nature being such that it naturally dispatches harmful microbes that are associated with diseases should not be considered by the reader to suggest that BIONAID™ prevents or cures diseases. The medical language that most people commonly use regarding diseases and their treatment or cure is associated with drugs. Just because BIONAID™ contains a high-quality oxygen and silver mineral particle that naturally dispatches infectious microbes that are associated with diseases it should not be construed to be a medical treatment or cure for diseases. Over time, people have come to refer to their symptoms as diseases because people have been inculcated with such erroneous thinking, ergo it is common for people to mistakenly refer to the improvements in their health with medical*

*terms regarding diseases because this is how medical professionals have been taught to think - academia and the media have inculcated into their minds and the minds of the populace.*

*The history, research and testimony presented here that refer to diseases were provided in good faith and with grateful hearts even if they use erroneous concepts about health. We intend for you to understand that their reference to diseases are mistaken in that they have innocently made reference to diseases or medical conditions to describe their improvement from using a dietary supplement that contains elements that naturally happen to have extremely effective immune support characteristics that are historically documented to dispatch harmful microbes that medical professionals, academia and the media have associated with diseases and drug cures.*

*You are encouraged to see the truth of the matter in the history, research and testimony on this website - **that a well produced dietary supplement ingeniously supplied the right amounts of a natural elements in a highly absorbable water base that supported their immune system so that the body could recover from the effects of infectious microbes and illnesses on its own.** The dietary supplement did not cure or prevent a disease or medical condition - the people that provided the testimonies simply described the benefits of our dietary supplement the best they knew how to describe it, albeit erroneously in those instances wherein "diseases" have been noted, or implications of "cure" or other medical terminology outside of simple nutritional supplementation aspects we've emphasized. It has become quite obvious to us that using the wrong terminology can place innocent people, and innocent nutritional supplements, manufacturers and suppliers in an awkward legal position because certain segments of society have managed to license a great deal of the terminology many people casually use to describe illnesses and solutions to illnesses. The nexus lies in the fact that regulatory agencies have gone to such extremes with their control of language associated with licensed terminology to the detriment of free speech discussing healthy dietary supplements that coincidentally have good results on health problems they have associated with diseases, medical conditions, drugs and medical treatments. This has resulted in people becoming irrationally co-dependent on licensed medical remedies at great expense that by its very negative nature is a monumental health hazard of its own. The main reason for this is that medical professionals are not educated about the proper use of dietary supplements and stand to be promptly ostracized, losing their license if they promote or prescribe dietary supplements **without doing so for investigative research purposes only.** They are also educated to be dependent on the use of drugs for all ill-health issues. **We wish to state that many medical professionals deserve our gratitude for all the good things that they have done for many,** nevertheless, we reserve the right to be free from co-dependency on drug-remedies and other invasive medical measures used by certain medical professionals and use dietary supplements freely and wisely as we deem fit.*

*Many of our readers have witnessed the incredible scrutiny that our use of health-freedoms have been subjected to and the freedom to speak openly is under great duress as well, and we trust that you will see the truth for yourself. We believe BIONAID™ is much too precious and critical for everyone on planet Earth, and for that reason we must take every precaution necessary to see that it gets to the needy. Therefore, you must realize that the history, research and testimony herein, though genuine and sincere, may erroneously refer to diseases or medical conditions, and that in none of the history, research and testimony herein was anyone truly meaning to treat, cure, diagnose, or mitigate any disease or medical condition, **and any stated***

*effect on so-called medical conditions or diseases stated therein are totally and completely coincidental and a result of erroneous information given to the public by medical professionals, academia and the media. See a doctor for your medical needs, as BIONAID™ is not intended for medical use - it's for dietary use. Medical professionals, and the general public, should be well-informed if they decide to use UPCOSH™ / BIONAID™ for their patients. **If you are a medical doctor and would like to participate in the investigative research conducted through this website, contact us for further details at 706-937-7379.** The speed of recovery from infections depends on the severity of and damage from the infection, and the life-style of the persons using the BIONAID™ immune support dietary supplement.*

**We do not claim that BIONAID™ will cure or treat any disease, directly or by implication. If you find that your "disease" decreases or totally dissappears while using BIONAID™, it is completely coincidental.** What we are stating is that the Bion particle in BIONAID™ has been proven to do what silver and oxygen has been historically known to do. Additionally, the fact that silver has been noted for killing certain micro-organisms that are associated with ailments like Malaria, HIV, Cancer, Pneumonia, Food Poisoning, Eye Infections, Skin Infections, Boils, Cellulitis, Post-operative infections, Toxic Shock Syndrome, Meningitis, Osteomyelitis, Sinusitis, Otitis Media (ear infections), Impetigo, Scarlet Fever, Strep Throat, Urinary Tract Infections, Wound Infections, Endocarditis, Dental Plaque and Tooth Decay, Burn Infections, Keratitis, Nosocomial Infections, Enteric Fever, Respiratory Tract Infections, Diarrhea, Throat & Sinus Infections, Epiglottis in Children, Suppurative Arthritis in Children, and more, **is purely coincidental** and due to erroneous thinking about health issues (particularly the practice of naming symptoms, conditions usually secondary to infections, with terms restricted to remedies by medical professionals only). The serious import here is that BIONAID™ has taken the safe and effective level of silver solutions to the most advanced level mankind has been able to achieve - **in a simple dietary supplement - not a drug - and to restrict it's use over terminology or in any way prevent easy and simple non-prescription public access to it is nothing short of criminal behaviour, especially when the public is being told they are individually responsible for preparing for a pandemic..**

Our BIONAID™ product, containing extremely low amounts of covalent silver and ionic silver, **that can never cause skin discoloration (Argyria)**, has not been formally approved by the FDA and/or the AMA, and the statements on this website have not been approved by the FDA and/or the AMA. BIONAID™ is only sold as a dietary supplement, not a drug. We do not make any medical claims for BIONAID and we do not imply, intend or suggest in any manner whatsoever that BIONAID™ has any biological activity on the human body that would require the FDA to classify this product as a drug. We make no medical claims as to the benefits of any of our products to improve medical conditions. Results vary from person to person, and should you believe that you have an allergy to trace minerals, including silver, consult a medical professional before using BIONAID™ or reading any further.

***A personal comment from Elder:***

"BIONAID™ is not intended to replace the advice of your doctor. BIONAID™ is not intended to replace the divine power available to you that is above the carnal thinking and ways of mankind. BIONAID™ is simply a dietary supplement that permits a better quality of life for

those that seek quality over quantity, *and those that prefer to avoid risky and invasive medical practices*. The history, research and testimony presented here is not exclusively for promoting sales of BIONAID™, but to let everyone know that there is an alternative to be grateful for, as it's application by more and more people is beneficial to all concerned about infectious microbes that cause illness and all the other logistical problems associated with illness. We take comfort in knowing that we are prepared for a pandemic, or that we can help prevent one. *Anyone that would engage in the criminal behavior of secreting the knowledge of BIONAID™ from the public, especially when we are being warned of an inevitable pandemic crises, should be indicted for high crimes. Anyone that would indirectly seek to prevent the public from freely obtaining BIONAID™ as a dietary supplement by erroneously calling it a drug for regulated applications only should also be indicted for high crimes.* **In light of the world-wide concern about antibiotic resistant, mutating microbes that vaccines cannot timely prevent, anyone that would in any way thwart the people from freely obtaining BIONAID™ should be equated with a person hell-bent on mass-murder. BIONAID™ is precious to us all. BIONAID™ serves national security, public interest, health education, social welfare, civilization's safety and world peace."**

FDA & AMA regulations require the following disclaimer: All information provided here *may be educational*, but is exclusively for research and investigative purposes only and is not intended to be construed as medical advice, nor are we intending to practice medicine or lead anyone away from a doctor. We make absolutely no claims of any cure or for any disease. This product can only be sold in the United States for veterinary use, equipment testing, or for your personal investigation into the effects of covalent silver. Also, if you have a serious medical condition, the use of this technology should not replace any competent medical advice you are currently receiving. Our experiences have been that most people will use this technology while continuing to visit their usual medical professionals.

According to certain legal regulations, covalent silver has to include the following disclaimer: Be it known that the information herein may be educational and should not be used to diagnose or prescribe treatment of specific diseases, rather for research and investigation in the use of Bionaid, and BIONAID™ is only for experimental and research uses. We make absolutely no claims of any cure for any disease. While all information provided herein may be educational, it is strictly for investigative purposes only and is not intended to be construed as medical advice, nor are we intending to practice medicine or lead anyone away from a doctor. We make absolutely no claims of any cure or for any disease. Products should be used for experimental use only and in accordance with the regulations of the country you are in.

#### DISCLAIMER FOR BIONAID™
